

Techno Brain bags three awards at Microsoft Awards 2015

Techno Brain, a leading Microsoft partner, was honoured among a global field in recognition for innovating and implementing customer solutions based on Microsoft technology.

The company offers strong partnership and leadership across multiple facets of the Microsoft business and this partnership has been pivotal this year with the tech giant bagging three awards; 2015 Microsoft Country partner of the year, Tanzania, 2015 Microsoft Dynamics Industry partner of the year and 2015 Microsoft Enterprise Resource Planning Partner of the Year Award in West, East and Central Africa.

Group C.E.O, Mr. Manoj Shanker, while acknowledging the strides Techno Brain has taken over the last few years towards becoming the leading custom software developer, stated that he is assured the company is doing a great job in impacting the lives of thousands across the globe positively and most importantly those in Africa.

“These awards speak volumes about our culture as Techno Brain; we not only identify and implement technologies that are most relevant to our customer, we empower them by building their capacity to use the technology implemented. I am indeed proud of everyone who contributed to our success”, said Mr. Shanker.
