

## **Techno Brain Selected for Prestigious AWS Partner Transformation Program**

Techno Brain Group is proud to announce that it has been nominated and selected to undergo the highly esteemed Partner Transformation Program by Amazon Web Services (AWS), a global leader in cloud computing solutions.

The AWS Partner Transformation Program is an exclusive initiative that recognizes and supports top-tier partners committed to driving digital transformation and delivering exceptional customer experiences using AWS cloud services. This recognition reflects Techno Brain's exceptional performance, dedication to innovation, and unwavering commitment to customer success.

As a participant in the AWS Partner Transformation Program, Techno Brain will have access to specialized resources, training, and support from AWS experts. This collaboration will enable Techno Brain to further enhance its expertise in leveraging AWS technologies, expand its service offerings, and deliver even greater value to its clients.

"We are honored and thrilled to be selected for the AWS Partner Transformation Program," said Nandan Gopalakrishna, CTO at Techno Brain. "This recognition not only validates our expertise in cloud computing and digital transformation but also underscores our commitment to delivering the highest level of service to our clients. Through this program, we will gain deeper insights into AWS best practices, cutting-edge technologies, and industry trends, which will ultimately enable us to accelerate our clients' digital journeys and help them achieve their business goals."

With this nomination, Techno Brain joins an elite group of organizations that have demonstrated exceptional capabilities in building innovative solutions on the AWS cloud platform. The recognition further solidifies Techno Brain's position as a trusted technology partner and reinforces its commitment to staying at the forefront of digital transformation specifically on the African continent.

### About Techno Brain:
